Methodology

This survey of the urban population of Pakistan was carried out by AC Nielsen – Pakistan using a questionnaire developed by WorldPublicOpinion.org. All interviewing was conducted in Urdu. A total of 907 face-to-face interviews across 182 primary sampling units in 19 Pakistan cities were carried out between September 12 and September 28, 2007. Sampling error for a sample of this size is approximately +/- 3.3 percentage points.
